IV. Key Responsibilities

The Committee shall exercise the authority of the Board to:

For this purpose, the Committee shall define the duty of directors and officers, including the mechanism therefor, to disclose relationships with related parties.
- c. Evaluate all material RPTs to ensure that these are not undertaken on more favorable economic terms to such related parties than similar transactions with non-related parties under similar circumstances and that no corporate or business resources of the Company are misappropriated and misapplied, and to determine any potential reputational risk issues that may arise as a result of or in connection with the transactions. In evaluating RPTs, the Committee shall take into account, among others, the following: (1) the related party's relationship to the Company and interest in the transaction, (2) the material facts of the proposed RPT, including the proposed aggregate value of such transaction, (3) the benefit to the Company of the proposed RPT, (4) the availability of other sources of comparable products or services, and (5) an assessment of whether the proposed RPT is on terms and conditions that are comparable to the terms generally available to an unrelated party under similar circumstances. The Company should have an effective price discovery system in place and exercise due diligence in determining a fair price for RPTs.
- d. Ensure that appropriate disclosure is made, and/or information is provided to regulating and supervising authorities relating to the Company's RPT exposures, and policies on conflicts of interest or potential conflicts of interest. The disclosure should include information on the approach to managing material conflicts of interest that are inconsistent with such policies, and conflicts that could arise as a result of the Company's affiliation or transactions with other related parties.

- e. Report to the Board regularly on the status and aggregate exposures to each related party, as well as the total amount of exposures to all related parties.
- f. Ensure that transactions with related parties, including write-off of exposures are subject to a periodic independent review or audit process.
